Third generation long standing premier line manufactured to the highest specification and stitch rate.

Premium 40mm high specification producing one of the thickest, softest, most luxurious products on the market.

A new specification soft spined reinforced yarn with high density stitch rate combines durability and comfort for heavy use in backyards or commercial applications.

Multi coloured green with a high rise bronze subpile sure to please the discerning buyer.

3.71 metres wide.

### Finished Product Details

Application: Landscaping

Pile Height: 38mm

Colours Available: Field Green/Olive Green with multi tone subpile

Total Product Weight: 2,780g/m<sup>2</sup>

### Yarn Properties

Yarn Construction: Two Tone Polyethylene Monofilament (Field Green/Olive Green) Texturised Monofilament subpile (straw/green)

Linear Density: 880 Tex/7,920 Denier – 480 Tex/4,320 Denier subpile

Environment: Heavy metal free

UV Stability: The yarn is protected against UV degradation to the highest level as specified in the yarn manufacturer's warranty terms and conditions

### Configuration

Machine Gauge: 9.52mm (3/8")

Stitch Rate: 17 per 100mm

Yarn Weight: 2,000g/m<sup>2</sup>

No. of Tufts: 17,857m<sup>2</sup>

Perforated: Yes

### Primary Backing

Construction: Polypropylene/Fleece

Primary Layers: Double

### Secondary Coating

Compound Base: Hybrid Emulsion

Tuft Anchorage: 40 Newtons (minimum)

### Supply

Available Width: 3.71m

Standard Roll Length: 20m

Approx. Shipping Weight: 10.3kg/lm

### Infill Material

Stabilising Infill: Fine grained silica sand (14kg-16kg/m<sup>2</sup>)

### Product Warranty

12 year limited warranty

Manufactured in Australia

## Features

Contaminant free polymers

UV stabilised

Compatible pigments

ISO Quality Assurance

First quality raw materials

Heat stabilised

Developed for the Australian sports and landscaping market

Warranty

Precise synergistic formula

No heavy metals in pigments

25 years exposure testing in Australian environment
