## RRP: See Webpage or Contact Us for a Quote

To purchase, enquire at [info@paulmunnsinstant.com.au](mailto:info@paulmunnsinstant.com.au), call us on 8298 0555, or visit us at 358 Brighton Rd, Hove.

Forever Green is an excellent landscaping solution, especially for those on a budget. With dark olive tones and a modest brown thatch, it brings a natural appearance wherever installed. Forever Green will perform best in low to medium traffic applications, such as front yards and display areas.

## Key Features

**Australian Made** - Forever Green is made in Australia with Australian yarn.

**10 Year Warranty** - Protection against manufacturing issues.

**Great Low-Cost Option** - Forever Green has a tall pile height at a lower cost compared to other similar synthetic turf varieties.

**35mm Pile Height** - A tall pile height for a lush appearance and softer feel.

## Essentials Range

Forever Green is a part of the Essentials Range, which covers synthetic turf for those on a budget, without compromising on quality.

## UV Stabilisation

All synthetic turf sold at Paul Munns is UV stabilised, which is a very important feature in synthetic grasses. The pigment in the synthetic grass will not fade over time from the stress of the intense sunlight we receive in South Australia.

35mm Pile Height

## Specifications

Roll Width	3.71
Pile Height	35mm
Sand Infill	10kg per sq/m
Warranty length	10 years
COOLplus Technology	No
Density	Medium
Colour Palette	

## Determining How Much You'll Need

All our synthetic turf varieties are sold by the lineal metre, but priced by the square metre. This means you will have to buy a certain length of the pre-determined width. For example, because Forever Green is 3.71m wide, if you were to buy 10m<sup>2</sup> of it you would receive just under 2.7 Lm of grass (10sq/m divided by 3.71). Likewise, if you are after 5 Lm you would order 18.6m<sup>2</sup> (5Lm times 3.71m). We agree that it would make more sense to just price it by the lineal metre, however this is how the rest of the market sells synthetic grass - so to make it easier for you to compare prices we've decided to follow suit.

If you plan your area incorrectly, the joins may be noticeable or you could end up with unnecessary wastage. This could lead to you spending more money than you need to on a finished product that you aren't happy with. If you would like to order synthetic turf, feel free to contact one of our synthetic turf specialists on 8298 0555. They will be happy to help you through the process of choosing the right variety, planning the area perfectly and getting the lowest price for shipping so you end up with the best result for the best price.
