

# Genesis

Made in  
Australia

12 Year  
Warranty

Luxurious, dense  
build

40mm Pile  
Height

**RRP: \$54.80 per m2** (Sold by the lineal metre - see below for details)

To purchase, enquire at [info@paulmunnsinstant.com.au](mailto:info@paulmunnsinstant.com.au), call us on 8298 0555, or visit us at 358 Brighton Rd, Hove.

Genesis is our premium 40mm long, super high density synthetic grass which has proven to be one of the thickest, softest, most luxurious products on the market. Genesis combines durability and comfort for heavy use in backyards or commercial applications.

## Key Features

**Australian Made** - Genesis is sourced from and manufactured in Australia.

**12 Year Warranty** - Genesis is ensured against fading for 12 years!

**Luxurious Dense Make** - Genesis is top of the range for luxury with its high stitch rate, extremely dense make, and soft, spongy feel.

**40mm Pile Height** - Tall pile heights for synthetic turfs make for a lush appearance and softer feel.

## Premium Range

Our Premium Range offers a selection of high-quality, dense synthetic turfs chosen for their long warranty duration, solid backing construction and high stitch rates. These features produce a lawn that is durable, soft, and has a natural appearance.

## UV Stabilisation

All synthetic turf sold at Paul Munns is UV stabilised, which is a very important feature in synthetic grasses. The pigment in the synthetic grass will not fade over time from the stress of the intense sunlight we receive in South Australia.

## COOLplus® Technology

Synthetic turf with COOLplus technology has 20-25% cooler surface temperatures compared to other synthetic turf products. This is because sunlight is comprised of a wide spectrum of radiation including visible light, UV radiation and infrared (IR). Infrared radiation causes molecular vibration, which translates into heat energy when absorbed by an object. COOLplus yarn technology does not absorb infrared rays, translating into less molecular vibration and cooler surface temperatures. It also creates more of a matte finish to the synthetic fibres, reducing the often shiny appearance of artificial grass.

## Summary

Available in 3.71m width rolls  
40mm Pile Height  
12 Year Warranty  
Super high density  
Multi coloured green yarn  
High rise bronze subpile  
U.V. stabilized  
Pet friendly  
Made in Australia

<b>Roll Width</b>	3.71
<b>Pile Height</b>	40mm
<b>Sand Infill</b>	16kg per sq/m
<b>Warranty length</b>	12 years
<b>COOLplus Technology</b>	Yes
<b>Density</b>	Very high
<b>Colour Palette</b>	

## Determining How Much You'll Need

All our synthetic turf varieties are sold by the lineal metre, but priced by the square metre. This means you will have to buy a certain length of the pre-determined width. For example, because Genesis is 3.71m wide, if you were to buy 10m<sup>2</sup> of it you would receive just under 2.7 Lm of grass (10sq/m divided by 3.71). Likewise, if you are after 5 Lm you would order 18.6m<sup>2</sup> (5Lm times 3.71m). We agree that it would make more sense to just price it by the lineal metre, however this is how the rest of the market sells synthetic grass - so to make it easier for you to compare prices we've decided to follow suit.

If you plan your area incorrectly, the joins may be noticeable or you could end up with unnecessary wastage. This could lead to you spending more money than you need to on a finished product that you aren't happy with. If you would like to order synthetic turf, feel free to contact one of our synthetic turf specialists on 8298 0555. They will be happy to help you through the process of choosing the right variety, planning the area perfectly and getting the lowest price for shipping so you end up with the best result for the best price.
