

Rivergum

Made with imported materials

5 Year Warranty

Great Low-Cost Option

35mm Pile Height

RRP: \$36.95 per m² (Sold by the lineal metre - see below for details)

To purchase, enquire at info@paulmunnsinstant.com.au, call us on 8298 0555, or visit us at 358 Brighton Rd, Hove.

A convenient short pile landscape solution with a distinctive reinforced spine technology yarn for extra resilience to foot traffic. Great for landscape, patios, balconies, caravan annexes and other areas.

Key Features

Made with Imported Materials - Rivergum is manufactured in Australia with materials imported from overseas.

5 Year Warranty - Rivergum is covered for 5 years.

Great Low-Cost Option - Rivergum has a tall pile height at a lower cost compared to other similar synthetic turf varieties.

35mm Pile Height - A tall pile height for a lush appearance and softer feel.

Essentials Range

Rivergum is a part of the Essentials Range, which covers synthetic turf for those on a budget, without compromising on quality.

UV Stabilisation

All synthetic turf sold at Paul Munns is UV stabilised, which is a very important feature in synthetic grasses. The pigment in the synthetic grass will not fade over time from the stress of the intense sunlight we receive in South Australia.

COOLplus[®] Technology

Classic GT40 has COOLplus technology, which means it has 20-25% cooler surface temperatures compared to other synthetic turf products. This is because sunlight is comprised of a wide spectrum of radiation including visible light, UV radiation and infrared (IR). Infrared radiation causes molecular vibration, which translates into heat energy when absorbed by an object. COOLplus yarn technology does not absorb infrared rays, translating into less molecular vibration and cooler surface temperatures. It also creates more of a matte finish to the synthetic fibres, reducing the often shiny appearance of artificial grass.

Summary

Available in 3.71m width rolls

Low sand infill requirement.

Multi colour green blades with green/beige sub pile.

Distinctive hard-wearing spined reinforced yarn.

5 Year Warranty

35mm Pile Height

Specifications

Roll Width	3.71
Pile Height	35mm
Sand Infill	15kg per sq/m
Warranty length	5 years
COOLplus Technology	No
Density	Medium
Colour Palette	

Determining How Much You'll Need

All our synthetic turf varieties are sold by the lineal metre, but priced by the square metre. This means you will have to buy a certain length of the pre-determined width. For example, because Rivergum is 3.71m wide, if you were to buy 10m² of it you would receive just under 2.7 Lm of grass (10sq/m divided by 3.71). Likewise, if you are after 5 Lm you would order 18.6m² (5Lm times 3.71m). We agree that it would make more sense to just price it by the lineal metre, however this is how the rest of the market sells synthetic grass - so to make it easier for you to compare prices we've decided to follow suit.

If you plan your area incorrectly, the joins may be noticeable or you could end up with unnecessary wastage. This could lead to you spending more money than you need to on a finished product that you aren't happy with. If you would like to order synthetic turf, feel free to contact one of our synthetic turf specialists on 8298 0555. They will be happy to help you through the process of choosing the right variety, planning the area perfectly and getting the lowest price for shipping so you end up with the best result for the best price.
