To purchase, enquire at info@paulmunnsinstant.com.au, call us on 8298 0555, or visit us at 358 Brighton Rd, Hove.

Titanium 4 Pets is a specialised product designed for heavy use in busy backyards containing pets. Titanium 4 Pets contains durable, reinforced spine yarn technology for heavy use, with double perforations for superior drainage and high density stitch rate for ease of cleaning. Titanium 4 Pets is safe and hypoallergenic to prevent fleas and ticks. Australian Made Coolplus yarn cooling technology for up to 25% cooler surface temperatures.

Key Features

Australian Made - Titanium 4 Pets is sourced from and manufactured in Australia for a local landscaping solution.

12 Year Warranty - Titanium 4 Pets is backed by a 12 year warranty

Made For Pets - With superior drainage, a high density stitch rate and design for heavy use, Titanium 4 Pets is perfect for your pets

30mm Pile Height - Titanium 4 Pets has a medium pile height.

Premium Range

Our Premium Range offers a selection of high-quality, dense synthetic turfs chosen for their long warranty duration, solid backing construction and high stitch rates. These features produce a lawn that is durable, soft, and has a natural appearance.

UV Stabilisation

All synthetic turf sold at Paul Munns is UV stabilised, which is a very important feature in synthetic grasses. The pigment in the synthetic grass will not fade over time from the stress of the intense sunlight we receive in South Australia.

COOLplus[®] Technology

Titanium 4 Pets has COOLplus technology, which means it has 20-25% cooler surface temperatures compared to other synthetic turf products. This is because sunlight is comprised of a wide spectrum of radiation including visible light, UV radiation and infrared (IR). Infrared radiation causes molecular vibration, which translates into heat energy when absorbed by an object. COOLplus yarn technology does not absorb infrared rays, translating into less molecular vibration and cooler surface temperatures. It also creates more of a matte finish to the synthetic fibres, reducing the often shiny appearance of artificial grass.

Specifications

Roll Width	3.71
Pile Height	30mm
Sand Infill	12kg per sq/m
Warranty length	12 years
COOLplus Technology	Yes
Density	Very high
Colour Palette	

Summary

Available in 3.71m width rolls
30mm Pile Height
12 Year Warranty
Super high density
Multi coloured green yarn
High rise bronze subpile
U.V. stabilised
Pet friendly

Determining How Much You'll Need

All our synthetic turf varieties are sold by the lineal metre, but priced by the square metre. This means you will have to buy a certain length of the pre-determined width. For example, because Titanium 4 Pets is 3.71m wide, if you were to buy 10m² of it you would receive just under 2.7 Lm of grass (10sq/m divided by 3.71). Likewise, if you are after 5 Lm you would order 18.6m² (5Lm times 3.71m). We agree that it would make more sense to just price it by the lineal metre, however this is how the rest of the market sells synthetic grass - so to make it easier for you to compare prices we've decided to follow suit.

If you plan your area incorrectly, the joins may be noticeable or you could end up with unnecessary wastage. This could lead to you spending more money than you need to on a finished product that you aren't happy with. If you would like to order synthetic turf, feel free to contact one of our synthetic turf specialists on 8298 0555. They will be happy to help you through the process of choosing the right variety, planning the area perfectly and getting the lowest price for shipping so you end up with the best result for the best price.
